OFFICE CHAIR CATALOGUE

Fifth Edition

PCCL Office Equipment – Excellence in Office Seating Since 2015

At PCCL Office Equipment, we take pride in ourselves being a trusted supplier to dealers in the Office Furniture Industry. Since our establishment in 2015, we have built a reputation for providing high-quality office chairs, showcased in both our digital and printed catalogues.

A Decade of Dedication

Building on a decade of success, PCCL celebrates 11 years in business in 2026. Our longevity is a testament to the exceptional service and quality we provide. We are committed to offering prompt, personalized support and high-quality products at competitive prices—all while ensuring reliable, on-time deliveries. Our goal is to continue fostering strong, long-term partnerships with our dealers.

Our Journey & Leadership

Originally led by Cindy, PCCL gained new momentum when Pierre joined full-time in 2019. With more than 20 years of industry experience, Pierre's expertise has been instrumental in strengthening relationships with dealers in the office furniture industry.

As the business grew, so did our team. In 2023, we welcomed our Operations Manager, Duan de Wet, to streamline daily operations and our Digital Marketer & Designer, Martinique de Wet, to enhance our online presence. Their contributions have significantly improved our efficiency and customer service.

11 years filled with growth, innovation, and stronger client relationships. With a decade behind us, we continue to refine our processes and elevate our service standards.

Stock & Logistics

Our warehouse has become a cornerstone of our operations. Over the past year, we have nearly doubled our stock value, increasing to R15 million in stock. This strategic expansion allows us to serve our clients more efficiently, reduce the risk of running out of stock, and align our inventory with growing demand.

Efficient & Flexible Deliveries

To support our expanding operations, we upgraded our 5-ton vehicle with a closed-body extended trailer, as well as invested in another 8-ton vehicle, increasing our delivery capacity by more than double. Orders can be shipped boxed or pre-assembled (assembly must be pre-arranged at an additional fee). Our deliveries in Gauteng take place every Tuesday and Thursday.

Quality You Can Trust

With a decade of expertise, we maintain strict quality control, ensuring all products are thoroughly inspected before reaching our clients. Every chair carries a factory guarantee against defects in workmanship (excluding normal wear and tear or misuse).

Looking Ahead

As we celebrate 11 years of success, we remain committed to innovation, efficiency, and above all, customer satisfaction. Thank you for being part of our journey—we look forward to the next decade of excellence!

Katy - Anne Range

The Katy-Anne range is fitted with an infinite lock synchro mechanism, offering smooth movement and reliable support throughout the workday. It features a reinforced nylon or chrome base with black PU castors and height-adjustable arms for personalised comfort. The seat is upholstered in black fabric with a breathable mesh back and integrated adjustable cushioned lumbar support to encourage proper posture. The range consists of a high back, medium back, draughtsman and a visitor chair.

Name Inspiration

The name of this range carries special meaning for our team. It is named after the twin daughters of one of our closest friends, continuing a tradition of honoring the people closest to us. Their father is also the inspiration behind our popular **Lenny Range**, and with the launch of this newest chair, we proudly celebrate his beautiful twin girls by giving the range a name that reflects both family and friendship.
